

17-day wildlife trip to Uganda with Harrier Tours

January 2022

Jonas Livet & Rūta Vaicekauskaite

INTRODUCTION

Being able to observe Mountain Gorillas in their natural range has been a long dream for me and visiting Uganda has been therefore always very high on my travel wish list.

The “*Pearl of Africa*” was attractive for many reasons: its wide range of various ecosystems and its connected unique biodiversity, the relative easiness to travel through the country, and the 25 primate species occurring there (from which we actually managed to see all during our trip in January 2022!).

Various intriguing recently published trip reports on **Mammalwatching.com** as well as the urgent need to get our itching feet back on the road after a long COVID-related travelling break pulled the trigger! And here we were back in November 2022: reading in details about targeted species and their occurrence, setting an itinerary, selecting a timeframe, etc.

Quite quickly, and following the above mentioned travel reports, we decided to travel with **Harrier Tours** (<https://www.harriertours.com/>) which is owned by Harriet Kemigisha. This was a very good decision as Harriet’s team has been extremely efficient in the field, knowing where to look for and dedicating a lot of time and commitment to our combined quest for mammals and birds. Harriet herself was not available for our adventure through Uganda but her (very!) incredible guide Sam joined us for the whole duration of the trip. Bosco was our second guide and driver for most of the trip (who replaced Fred who started our itinerary as initial driver). Both Sam and Bosco are very knowledgeable field guides and their combined effort has been amazing. An extraordinary component of their expertise is actually also how good they are at both mammals and birds, which was amazing for us. It very quickly felt like we were a team and both of them became good friends along the way. The various site guides organized by Harriet at the different visited locations were also very good assets. Their local knowledge as well as their friendliness and professionalism were all amazing: especially Raymond at the Royal Mile, Alex in Semuliki and Rodgers at Bigodi Wetland Sanctuary really shone with their knowledge. Thanks very much really to all the team members of Harrier Tours for this amazing trip!

A combination of this amazing team, a lot of preparation and reading before reaching Uganda, fourteen full days in the field (circled with a few days before and after with Entebbe as a base), a large array of activities (game drives, walks, night activities including drives and walks, boat rides, cave scanning, etc.) and some luck brought us a **total of 94 mammal species and 359 bird species** (see full lists below).

As mentioned earlier, this includes **all 25 species of primates occurring in Uganda**, unexpected surprises as a **Giant Pangolin** (in Queen Elizabeth NP) or a **White-tailed Sengi** (in Semuliki NP), 9 species of squirrels (including **Lord Derby’s Anomalure**), 6 species of mongooses, the long sought-after **Giant Forest Hog** (in Queen Elizabeth NP), etc.

The **Angola colobus** (*Colobus angolensis ruwenzorii*) almost eluded us and remained a mystery for most trip until Edward in Lake Nabugabo was able to show us a small population of these primates on the very last day of our field trip, therefore rounding up our chase of the 25 primate species of Uganda. A special thanks to him!

We saw **more than a third of all bird species occurring in the whole of Uganda** (and we only travelled to some particular regions of the country!), including the very unique **Shoebill** (in Mabamba), 4 species of turacos (missing unfortunately the Rwenzori Turaco), the coveted **African Skimmer**, 5 species of storks, 11 species of herons and allies, 28 species of hawks, eagles and kites, 8 species of hornbills, 10 species of kingfishers (including the **Giant Kingfisher**), 10 species of bee-eaters, 14 species of sunbirds, 23 species of weavers and allies, and many, many more!

All the places and locations visited were amazing and added extremely well to the global itinerary. We can only recommend strongly to discover Uganda and its unique biodiversity richness, with Harrier Tours!

Jonas Livet, jonaslivet@gmail.com

The following report is organized as follows:

- ✓ **Full travel achieved itinerary** with details of places visited and accommodation used (page 3)
- ✓ **Summarized list of the 94 mammals’ species observed** (pages 4 and 5)
- ✓ **Detailed list of all the species seen** (mammals, birds and others) with details and comments about the locations and the actual observations, as well as mention of some species missed but occurring locally (pages 6 to 16)
- ✓ **Selection of some pictures** taken during the trip (out of the 36,600 pictures shot!) (pages 17 to 218)

TRAVEL ITINERARY (17 days including 15 days wildlife tour)

<u>31/12/2021:</u> Departure from Germany and take-off from Frankfurt FRA at 21:20	
<u>01/01/2022:</u> Arrival in Entebbe EBB at 14:25 + First visit Uganda Wildlife Education Centre (UWEC) [17:00 to 18:15]	Stay at Airport Guesthouse Entebbe
<u>02/01/2022:</u> Boat tour within Mabamba Bay Wetland System [8:30 to 11:00] <i>To Budongo Forest Reserve (300 km)</i> + Enroute rhino tracking by foot at Ziwa Rhino Sanctuary [16:15 to 18:15] + Night drive in Budongo Forest [22:15 to 23:15]	Stay at Budongo Eco Lodge
<u>03/01/2022:</u> Bird walk along Royal Mile within Budongo Forest [7:45 to 13:45] <i>To Murchison Falls National Park (130 km)</i> + Enroute game drive through Murchison Falls National Park [16:30 to 19:00] + Night walk around Pakuba Lodge [21:15 to 22:15]	Stay at Pakuba Lodge [x2 nights]
<u>04/01/2022:</u> Game drive in Murchison Falls National Park [6:30 to 13:00] + Boat tour towards Murchison Falls in Murchison Falls National Park [14:00 to 17:30] + Night drive in Murchison Falls National Park [21:00 to 23:00]	Stay at Pakuba Lodge [x2 nights]
<u>05/01/2022:</u> <i>To Semuliki National Park (400 km)</i> + Enroute game drive through Murchison Falls National Park [7:30 to 9:15] + Lunch break at Nguse River Camp [13:00 to 14:15] + Night walk around Bumaga Campsite in Semuliki National Park [21:00 to 22:30]	Stay at Bumaga Campsite
<u>06/01/2022:</u> Bird and mammal walk around the hot springs and along Kirumia Trail in Semuliki National Park [7:30 to 16:30] <i>To Kibale National Park (100 km)</i> + Night walk in Bigodi Wetland Sanctuary and night drive in Kibale NP [21:30 to 23:30]	Stay at Kibale Forest Lodge [x2 nights]
<u>07/01/2022:</u> Bird walk in Bigodi Wetland Sanctuary [8:00 to 12:30] + Chimp tracking by foot in Kibale National Park [14:30 to 16:45] + Night walk in Bigodi Wetland Sanctuary and night drive in Kibale NP [20:30 to 23:30]	Stay at Kibale Forest Lodge [x2 nights]
<u>08/01/2022:</u> Bird walk in Kibale National Park [6:30 to 9:30] <i>To Queen Elizabeth National Park (110 km)</i> + Enroute stop at Lake Nkuruba Nature Reserve [14:00 to 15:00] + Night drive in Queen Elizabeth National Park [21:00 to 22:15]	Stay at Queen E. Bush Lodge [x2 nights]
<u>09/01/2022:</u> Game drive in Queen Elizabeth National Park [6:30 to 12:00] + Boat tour on Kazinga Channel from Katunguru [14:00 to 16:00] + Night drive in Queen Elizabeth National Park [21:15 to 23:00]	Stay at Queen E. Bush Lodge [x2 nights]
<u>10/01/2022:</u> Boat tour on Mweya Peninsula in Queen Elizabeth National Park [11:00 to 13:00] <i>To Bwindi Impenetrable National Park (140 km)</i>	Stay at Ride 4 A Woman
<u>11/01/2022:</u> Gorilla tracking by foot in Bwindi Impenetrable National Park / Buhoma [9:00 to 13:30] + Enroute birding at The Neck within Bwindi Impenetrable National Park + Night drive in Bwindi Impenetrable National Park / Ruhija [21:00 to 23:30]	Stay at Trekkers Tavern Cottages
<u>12/01/2022:</u> Bird walk and game drive around Bwindi Impenetrable National Park / Ruhija [8:00 to 13:00 and 14:45 to 17:30] <i>To Kisoro (80 km)</i>	Stay at Travelers Rest Hotel [x2 nights]
<u>13/01/2022:</u> Golden monkey tracking by foot within Mgahinga National Park [8:15 to 14:00] + Walk within Kisoro	Stay at Travelers Rest Hotel [x2 nights]
<u>14/01/2022:</u> <i>To Lake Mburo National Park (275 km)</i> + Game drive in Lake Mburo National Park [16:30 to 22:30]	Stay at Rwakobo Rock
<u>15/01/2022:</u> Game drive in Lake Mburo National Park [8:30 to 10:30] <i>To Entebbe (250 km)</i> + Enroute Angola colobus tracking by foot near Lake Nabugabo [14:00 to 15:30]	Stay at Entebbe UWEC [x2 nights]
<u>16/01/2022:</u> Thomas Price's CTC Conservation Center [10:30 to 13:30] + Kavumba Recreation Centre [15:30 to 16:30] + Night walk within Uganda Wildlife Education Centre (UWEC) [19:30 to 21:30]	Stay at Entebbe UWEC [x2 nights]
<u>17/01/2022:</u> Uganda Wildlife Education Centre (UWEC) [7:30 to 10:30 and 14:30 to 18:00] + Uganda Reptiles Village in Bunono [11:00 to 11:30] + Entebbe Botanical Garden [13:00 to 14:00] + Departure from Entebbe EBB at 21:00	
<u>18/01/2021:</u> Arrival in Frankfurt FRA at 12:45	

LIST of the 94 MAMMALS' SPECIES OBSERVED (in the wild) [see details below]

Hyracoidea / Hyraxes (2 species)

- Southern Tree Hyrax (*Dendrohyrax arboreus adolfifriederici*)
- Western Tree Hyrax (*Dendrohyrax dorsalis marmota*)

Proboscidea / Elephants (2 species)

- African forest elephant (*Loxodonta cyclotis*)
- African Savanna Elephant (*Loxodonta africana*)

Macroscelidea / Elephant Shrews (1 species)

- White-tailed Sengi (*Rhynchocyon stuhlmanni*)

Primates (25 species)

- Eastern Gorilla (*Gorilla beringei beringei*)
- Eastern Chimpanzee (*Pan troglodytes schweinfurthii*)
- Ashy Red Colobus (*Piliocolobus tephrosceles*)
- Semliki Red Colobus (*Piliocolobus semlikiensis*)
- Angola colobus (*Colobus angolensis ruwenzorii*)
- Mantled Guereza (*Colobus guereza occidentalis*)
- Olive Baboon (*Papio anubis*)
- Ugandan Crested Mangabey (*Lophocebus [albigena] ugandae*)
- Johnston's Mangabey (*Lophocebus [albigena] johnstoni*)
- Common Patas Monkey (*Erythrocebus patas pyrrhonotus*)
- Tantalus Monkey (*Chlorocebus tantalus budgetti*)
- Vervet Monkey (*Chlorocebus pygerythrus rufoviridis*)
- L'Hoest's Monkey (*Cercopithecus lhoesti*)
- De Brazza's Monkey (*Cercopithecus neglectus*)
- Dent's Monkey (*Cercopithecus denti*)
- Doggett's Silver Monkey (*Cercopithecus [mitis] doggetti*)
- Golden Monkey (*Cercopithecus [mitis] kandti*)
- Stuhlmann's Blue Monkey (*Cercopithecus mitis stuhlmanni*)
- Red-tailed Monkey (*Cercopithecus ascanius schmidti*)
- East African Potto (*Perodicticus ibeanus*)
- Demidoff's Dwarf Galago (*Galago demidoff demidoff*)
- Thomas's Dwarf Galago (*Galago thomasi*)
- Thick-tailed Greater Galago (*Otolemur crassicaudatus monteiri*)
- Spectacled Lesser Galago (*Galago matschiei*)
- Northern Lesser Galago (*Galago senegalensis sotikae*)

Rodentia / Rodents (14 species)

- Cape Porcupine (*Hystrix africaeaustralis*)
- Ruwenzori Sun Squirrel (*Heliosciurus ruwenzorii schoutedeni*)
- Red-legged Sun Squirrel (*Heliosciurus rufobrachium semliki*)
- Forest Giant Squirrel (*Protoxerus stangeri centricola*)
- Fire-footed Rope Squirrel (*Funisciurus pyrropus akka*)
- Carruther's Mountain Squirrel (*Funisciurus carruthersi carruthersi*)
- Alexander's Bush Squirrel (*Paraxerus alexandri*)
- Boehm's Bush Squirrel (*Paraxerus boehmi emini*)
- Striped Ground Squirrel (*Xerus erythropus lacutris*)
- Noack's African Dormouse (*Graphiurus microtis*)
- Lord Derby's Anomalure (*Anomalurus derbianus*)
- Northern Savanna Gerbil (*Gerbilliscus kempii*)
- Roof Rat (*Rattus rattus*)
- African Grass Rat (*Arvicanthis niloticus*)

Lagomorpha / Lagomorphs (2 species)

- Bunyoro Rabbit (*Poelagus marjorita*)
- African Savanna Hare (*Lepus victoriae*)

Chiroptera / Bats (13 species)

- African Straw-colored Fruit Bat (*Eidolon helvum*)
- Angolan Soft-furred Fruit Bat (*Lissonycteris angolensis ruwenzorii*)
- Hammer-headed Fruit Bat (*Hypsipathus monstrosus*)
- Epauletted Fruit Bat (*Epomophorus sp.*)
- Minor Epauletted Fruit Bat (*Epomophorus minor*)
- Yellow-winged False-vampire (*Lavia frons*)
- Geoffroy's Horseshoe Bat (*Rhinolophus clivosus*)
- Ruwenzori Horseshoe Bat (*Rhinolophus ruwenzorii*)
- Large-eared Slit-faced Bat (*Nycteris macrotis*)
- Egyptian Slit-faced Bat (*Nycteris thebaica*)
- Mauritian Tomb Bat (*Taphozous mauritianus*)
- Mongalla Free-tailed Bat (*Mops demonstrator*)
- Trevor's Free-tailed Sat (*Mops trevori*)

Carnivora / Carnivorans (16 species)

- Side-striped Jackal (*Lupulella adustus (lateralis)*)
- Spotted-necked Otter (*Hydrictis maculicollis*)
- Leopard (*Panthera pardus pardus*)
- Lion (*Panthera leo melanochaita*)
- East African Serval (*Leptailurus serval lipostictus*)
- African Civet (*Civettictis civetta schwarzii*)
- Servaline Genet (*Genetta servalina*)
- Common Genet (*Genetta genetta dongolana*)
- Rusty-spotted Genet (*Genetta maculata letabae*)
- Spotted Hyena (*Crocuta crocuta*)
- Marsh Mongoose (*Atilax paludinosus rubescens*)
- White-tailed Mongoose (*Ichneumia albicauda ibeanus*)
- Common Slender Mongoose (*Herpestes sanguineus*)
- Banded Mongoose (*Mungos mungo*)
- Common Dwarf Mongoose (*Helogale parvula varia*)
- Alexander's Cusimanse (*Crossarchus alexandri*)

Pholidota / Pangolins (1 species)

- Giant Pangolin (*Smutsia gigantea*)

Perissodactyla / Odd-toed ungulates (2 species)

- Grant's Zebra (*Equus quagga boehmi*)
- Southern White Rhinoceros (*Ceratotherium simum simum*)

Artiodactyla / Even-toed ungulates (16 species)

- Giant Forest Hog (*Hylochoerus meinertzhageni meinertzhageni*)
- Common Warthog (*Phacochoerus africanus massaicus*)
- Common Hippopotamus (*Hippopotamus amphibius*)
- Rothschild's Giraffe (*Giraffa camelopardalis rothschildi*)
- Cape Buffalo (*Syncerus caffer*)
- Lake Chad Buffalo (*Syncerus brachyceros*)
- Nile Bushbuck (*Tragelaphus [scriptus] bor*)
- Cape Bushbuck (*Tragelaphus [scriptus] sylvaticus*)
- East African Common Eland (*Tragelaphus oryx pattersonianus*)
- Northern Bush Duiker (*Sylvicapra grimmia campbelliae*)
- Sudan Oribi (*Ourebia [ourebii] montana*)
- Uganda Kob (*Kobus [kob] thomasi*)
- Defassa Waterbuck (*Kobus [ellipsiprymnus] defassa*)
- Common Impala (*Aepyceros melampus*)
- Uganda Topi (*Damaliscus [lunatus] ugandae*)
- Lelwel Hartebeest (*Alcelaphus [buselaphus] lelwel*)
